## Everything With Poison.

Among the Cree and Salteaux Indians the administration of deadly poison has been reduced to an exact science. These tribes never go on the warpath. They have not learned the uses of the scalping-knife and tomahawk. Such a thing as shooting from ambush never occurs. When a Cree or Salteaux Indian gets ready to dispose of an enemy or a rival he consults the conjurer of the tribe and that individual deals out poisons that are not known in any other place on earth. These poisons battle the most skillful doctors and chemists. British army surgeons who have examined victims of the Cree and Salteaux poisons say that the deadly mixtures used by them are absolutely unknown to science. Misadventures and tragedies who came to Winnipeg with stories of the fatal liquids were not believed. The only way they convinced the doctors was by taking several victims before a board of examining surgeons. These poisons are brewed in the most mysterious manner by the old conjurers of the tribe. It is their chief occupation. They go into the forests alone and come back with their wigwams with strange herbs and barks, which are converted into liquids that work terrible execution among the bucks signaled out for death. No remedy has ever been found to operate against these drugs. Death invariably follows, sometimes swiftly and with awful agony, but more frequently after the lapse of months of dreadful suffering.

"Fourteen braves have been sent to the good trapping grounds by this hand," said one old conjurer, shaking his head in a threatening gesture to Rev. Egerton H. Young, a missionary who lived twenty years with the tribes.

Rev. Mr. Young is telling friends in Chicago. He is a thrilling story of his life among these savages. The missionary is a man of powerful physique and athletic proportions. "I lived with two of the tribes so long that they all called me their little brother," he said. "They are a powerful race. The men are large and very strong. As you may know, the Cree and Salteaux Indians are the last tribes we find on this continent before reaching the Equinox," says the Chicago Herald.

"My work as a missionary was in the country about 700 to 1,000 miles north of Winnipeg. The line that separates the Indian from the Equinox is not marked, and, while their hunting grounds are not far apart in some places, the customs of the people are very different. The Cree and Salteaux Indians are not blood-thirsty, but once their anger or envy is aroused, death more terrible than that inflicted by the scalping-knife or tomahawk awaits the victim. Their knowledge of poisons is extraordinary. I saw many victims of the deadly drugs administered by the old conjurers, and during my twenty years' residence with the tribes had frequent occasions to administer to the victims, for I was doctor, magistrate, preacher and teacher for them. Many is the time I have been called from my bed to go and stitch up some poor fellow who had been clawed almost to death by a bear. Some of these poisons operate in the most mysterious manner. One of the drugs in common use when I first went among the Indians caused great sore to appear on the face and body of the victim. No matter what season of the year this poison was given its effects were not visible until spring. Then the sores would appear. When these scales dropped off great ulcers of hair sprang from the sores. These followed. I told some army surgeons at Winnipeg of these remarkable drugs and their effects, but my story was not believed. 'Such things are not known to medical science,' the doctors replied. When I went back to Winnipeg again I took one of the afflicted Indians with me. The surgeons spent nearly a week examining him. This is certainly the first case of the kind that has ever been reported to the medical profession, was their verdict when they finished the examination.

"The only means of travel in that country is by means of sleds drawn by dogs. The Indians are remarkable

runners and pride themselves on their powers of endurance in that line. If an Indian is so unfortunate as to excite the envy of a rival runner is very apt to get a dose of poison. The drugs given in such cases are equally as mysterious in their effect as those administered where death is to be produced. Some of these drugs paralyze the legs of the runners, but have no other effect. Other drugs simply stiffen the limbs.

The power exercised by the conjurers over their tribe is very great, and they know that the missionaries come to break it. When an Indian feels an inspiration or inclination, whatever it may be, to become a conjurer he goes through a singular course of training. He will sit alone for hours at night on the summit of the cliffs, talking to the clouds and listening to the sounds of the winds. During the daytime he is secreted in a cave. An air of mystery shrouds his life and movements. He starves himself almost to death. Months after absconing himself from the tribe he comes back. Then he is a conjurer.

"The Indians are now honest and receive our teaching with evident comfort to themselves. I found many noble and generous fellows among them, many pleasant traveling companions. Some of them are very witty in their own tongues. They tell very funny and peculiar jokes at the end of a long journey, after the fires have been lighted for the night. For many years ten years I lived among them without fastening either the doors or windows of my house. I never suffered the loss of any of my property, although some of my belongings tempted these untutored people sorely. When I think of their fidelity and faithfulness to me, and the splendid services rendered to me and my good wife during our long life among them, I feel fully compensated for the hardships through which I passed and the suffering that at many times attended my work."—[San Francisco Examiner.]

An honest Swede tells his story in plain but unmistakable language for the benefit of the public. One of my children took a severe cold and got the croup. I gave her a teaspoonful of Chamberlain's Cough Remedy, and in five minutes later I gave her one more. By this time she had to cough up the gathering in her throat. Then she went to sleep and slept good for fifteen minutes. Then she got up and vomited; then she went back to bed and slept good for the remainder of the night. She got the croup the second night and I gave the same remedy with the same good results. I write this because I thought there might be some one in the same need and not know the true merits of this wonderful medicine.—[Charles A. Thompson, Des Moines, Iowa. 50 cent bottles for sale by T. G. Julian.]

Until set upon his feet and by his appointment to the Liverpool consulate, Hawthorne had a hard time of it, as his writings brought him but little cash. He was constantly under the apprehension that he should end his days in the workhouse. It was in these days that he told a friend of his that in one of his dark moods his mother appeared to him, stroked his hair, and told him not to despair, "for he would have more money than he knew what to do with." He distrusted the vision, thought it hallucinated, the result of his own morbid feelings, but the visit was so frequent repeated that at last he became a firm believer in spiritualism, long before the advent of "modern spiritualism." This story is told by a correspondent of the Boston Transcript. The mother's prophecy was literally fulfilled, for he was rich far beyond his wants, when his term of office expired.

## Buckley's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chancres, hemorrhoids, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give satisfaction, or money refunded. Price 25 cents per box. For sale by W. S. Lloyd.

Children Cry for Fitch's Castoria.

## Our Crops and Russia's Famine

The corn and wheat crops of the West have been as abundant as could be desired. Our four million farmers more or less richly deserve their good fortune. They have had singularly good luck for some time past. What with drenching rains and parading droughts, diversified with cyclones and numerous forms of cattle disease, they have had reason for complaint. But it's a long time that has no turning, and they have at last had a splendid year. Their fields have smiled with plenty and nature has rewarded them for the long period of tribulation. They will now be able to pay off the mortgages which have encumbered them, and to buy up new stock and to patch up the broken fences and leaky barns and perhaps lay aside a penny for rainy weather. Prosperity has beamed on them, and they have a right to indulge in high glee.

Commissioner Husk tells us that his department has been measurably successful in introducing Indian corn and its products among Europeans. Heretofore the poorer classes on the other side have depended mainly on wheat for their tables. What made into various kinds of food has been the staple of the peasantry. It is the Russian wheat crop which failed that caused the famine from which both the Muscovite and German have suffered. If they can be brought to rely even a small part at least of the danger from hunger will be averted in the future. A double crop, wheat and corn, is not likely to fail at the same time. At any rate there will always be an abundant supply of one or the other on our side of the water.

In contrast with this abundance is the picture of unstarved and desperate danger in the East—a calamity of such vast proportions that the czar abandons a proposed festival in St. Petersburg. Even the czar's grave and the rich are also contributing to furnish starvation with a crust of bread. If only half of what is told is true, the spectacle is pitiable, and if the whole of it is true, the condition of these hungry folk is simply heart-rending. Starving men, we are told, have formed themselves into bands, and are raiding any section which promises plunder. Where there is no bread, the people are always in a state of anarchy. Law and order are despised, and brain, heart and conscience give way before the demands of the stomach. Little holdings, so report says, are taken for debt, and numberless families are thrown on the highway. There is one story, just received, of a wretched woman who applied for help to a well-to-do neighbor, and, when refused, she deliberately killed her three children and then completed the tragedy by hanging herself.

These are the two pictures which appeal to our imagination—it is hell there and heaven here. Western corn and wheat, however, are on their way to our seaboard in enormous quantities. Our surplus is quite enough to supply the European markets.—[N. Y. World.]

New Hyman's Mixed Pickles, without a rival as to quality.—St. Louis, Mo. Cream Cheese.—Fresh Oysters, Crackers and Cakes.—The choice of Hyman's Gumpowder Tea.—A roasted coffee at 37¢ per lb. that is great.—A select line of bottle goods, fresh and new, on the road.—More goods for a dollar than anybody else's.—Heavy of choice fruit a specialty with me.—If you want a tender steak and are willing to pay for it, call on me.—The greatest bargain ever offered in New York.—I have a machine and make Hamburg steak. It is easy to cook and very fine. I want all you something good and cheap will sell you.

W. R. KUNNELLEY.

"Tillage is manure," and it is water as well. It helps to develop plant food in the soil. And in a dry season, the fluer the soil is kept, if only two inches of dry dust is on the surface, the moisture below is prevented from evaporation, and the fluer soil absorbs it as much each day every night as the hard soil will do. A farmer, known for his big crops of potatoes and corn, put his cultivator to work every Monday morning, and went through his crops regularly once a week. He grew usually 300 bushels of potatoes and 80 bushels of corn, and it was a bad year when he had less than this. The cultivation did it. He believed in the old proverb.

## AT COST!

## My entire stock of FURNITURE.

I find that I am compelled to close out this line to give me room for my big line of Holiday Goods that I have bought, which is much larger than I have ever bought before. This is no sham, but a genuine cost sale, so if you want anything for a year to come, it will pay you to buy now. I will quote you a few prices: Parlor Chairs, \$3.50 set, former price, \$4.50; Woven Wire Sphynx with three rows of Gold Wire springs through the center, \$2.25, former price, \$3.25; good Cotton Top Mattress, \$2.25, former price, \$3.50; 3 piece Chamber Set, \$14.50, former price, \$21.50; 3 piece Chamber Set, \$21.50, former price, \$37.50; Large Safe, \$3.75, former price, \$5.00; the silk Irish Bookers, \$8.05, former price, \$11.00; Bed Lounges, Corbel Brackets, \$7.50, former price, \$10.50; Bed Lounges, Irish, Extra Large, \$11.75, former price, \$15.50; 7 piece Mohair Parlor Set, \$21.00, former price, \$30.00; fine marble top Hat Dress, \$6.50, former price, \$9.00; Center Tables, \$1.25, former price, \$2.00. Now come at once and get your pick. We have a good selection, but it will soon be broken, for I am bound to close out this line inside of the next thirty days.

Now we have

## PILES OF NEW GOODS

In all our other lines, and at way down prices. Heating Stoves, Cook Stoves, Dinner Sets, Tea Sets, almost fine of Lamps I have ever had in the house. We have lots of new Underwear, Hosiery, etc., at such prices that they are bound to sell. Blankets, Quilts, Towels, Saxony Yarns, Towels, Handkerchiefs, Window Blinds, Glass, Floor and Table Oil Cloths, Window Poles, Extension Brackets, etc.

Now come at once and examine our Furniture and many other lines. No trouble to show goods.

Respectfully Yours,

## ENOCH'S Bargain House.

REESE BUILDING,

Mt. Sterling, Kentucky.

Stock to Feed in Winter.

There is no longer the profit to Eastern farmers of winter feeding of fattening cattle that once was reasonably certain. Coarse grain is dearer in the East, while in the West it is often scarcely worth the cost of hauling to market. The rates of transportation for fattened stock or for dressed beef leave nothing to be made by the Eastern feeder. The possible exception to the general unprofitableness of stock-feeding in winter is in sheep, either for dropping lambs to be sold for the early market, or good four-year-old wethers to be fed a few weeks and sold for the gain in flesh and wool. There is money in both these ways of dealing with sheep, providing the manager has had experience in feeding. No kind of farm stock requires more delicate care than the sheep. There must be sufficiency, but never excess. A little too much or too rich feeding will get the sheep off its feed for several days after. Inexperienced feeders should always have roots of some kind. With these more grain can be fed without danger of injury, as the roots keep the bowels loose and prevent the constipation that in sheep, as in everything else, is the frequent cause of indigestion. —[Farmer's Home Journal.]

One of the greatest drawbacks that a farmer can possibly have is the desire to procure more land than he can easily pay for or properly cultivate. Many a farmer has thus been kept "land poor" all his life.

 After six months 1.50

Call and see Cassidy's line of Xmas furniture.

Read Mr. Morris' ad of sale of store-house etc., at Grassy Lick. This is a splendid opportunity for one who wants to find a stand for a country store.

Beach & Bowers' ministers at the Opera House to-night.

Voris and Chynoweth are selling at prime cost to close business. This is no catch-penny announcement. They mean business.

Yesterday morning a fire started in the office of the Starling Hotel. The office, which was a detached room, was destroyed, but the fire was subdued without further damage. Loss, some \$200; fully covered by insurance.

For useful and ornamental furniture call on Cassidy.

The Masquerade social and supper given Friday night by the ladies of the city, for the benefit of the Y. M. C. A., was a decided success from a financial and social standpoint. About \$70 was realized, and all who attended report a most enjoyable evening.

See the Grand street parade of Beach & Bowers to-day.

The jail has been improved by the introduction of twenty iron bedsteads. Through the courtesy of Mr. Tipton, the Jailor, and Esquire Henry Jones, Chairman of the Jail Committee, we were shown the improvements now going on for the comfort of the prisoners and the improvement of the sanitary conditions of the jail.

R. T. Smith, always the right man in the right place, is now with W. A. Sutton, in market.

We call attention to the advertisement of the dissolution of York & Clayton. These gentlemen are offering goods at prime cost to close out their business. You can save money by going to see them, as they intend to close out their stock, and the prices which they are offering goods is so low that we make them go.

Beach & Bowers' ministers are better than ever this season, so all Kentucky papers say.

Elder H. D. Clark, pastor of the Christian Church of this city, was called to Knoxville, Ill., on Friday, by a telegram ordering the said brother to attend to the duties of his mother. This was a great loss to the congregation, by whom he is greatly beloved, and indeed of the entire community, go out to him in sympathy in his sorrow.

Useful Christmas presents at Cassidy's.

An election for officers of the Y. M. C. A. for the year 1892 was held on last Tuesday night, and resulted as follows: President, L. T. Childs; Vice-President, R. B. Long; Treasurer, J. G. Miller; Recording Secretary, G. W. Sherrill. Money sufficient has been raised to put the organization on a permanent basis, and rooms will be at once secured and fitted up for the convenience and accommodation of the members.

Great reduction in millinery goods at T. P. Martin & Co's.

The Jefferson-Lexington Combination will present the "Helen-Lay" at the Lexington Opera House tonight, and a large number of our people will go down on the afternoon express to attend the performance. The Railroad Company will run a special train, for the accommodation of those who shall attend, from Lexington to this place after the performance is over, so that any who desire can return to-night. Fare for the round trip \$1.15. Reserved seat tickets to the performance, on lower floor, \$2.00; in balcony, \$1.50.

Fine perfumes at W. S. Lloyd's. Swiss Lilac Maybelle. Genuine Crab Apple Roseum, Atkinson's White Rose.

Great line of novelties at T. P. Martin & Co's.

Tarapaulins, any size, at 15-21 W. W. Reed's.

We call attention to the sale of the best stand for a country store in this part of the State. Read Mr. J. W. Morris' advertisement of sale of store-house and dwelling at Grassy Lick. See Saturday, Dec. 10th.

Don't forget Kennedy Bros. when looking for a Xmas gift.

On Thursday night the following officers were elected to serve for the coming six months in Fidelity Lodge No. 50, K. of P.: W. H. Bryan, C. C.; W. H. Lee, V. C.; E. E. Romar, Prec. L.; W. A. DeHaven, K. of R. and S. and M. of F.; B. F. Robinson, M. of E.; C. H. Perry, M. of A.

For elegant designs in Bonn.

Douglas, Royal Worcester or Royal Hungarian ware

go to W. S. Lloyd's.

Holiday Rates.

Round-trip excursion tickets, local and through, will be sold between all stations on the Kentucky Central and Louisville and Nashville railroads at one and one-third fares, December 20 to 25, and 29 to January 1, inclusive. Good returning until January 5. Particular attention is called to the fact that excursion tickets can be purchased to any station on the L. & N. system on above dates.

S. F. B. Morse, Gen. Pass. Agt.

Five line of merchandise pipes, elegantly carved, also plain, cheap, at T. G. Julian's.

The case of Sam Everett, charged with the killing of Jude Langston, was on trial in the Circuit Court last week. It was called Tuesday, and on Friday the jury brought in a verdict of acquittal. Messrs. Z. T. Young, C. M. Brooks, J. H. Haffelberg, and C. H. Woodford represented the defendant, and Commonwealth Attorney M. M. Redwine, W. R. Haynes, James P. Cassidy and County Attorney W. A. DeHaven represented the Commonwealth. The case was given to the jury at 11 Friday and about 2 p. m. they brought in their verdict.

Books, booklets, vases, lamps, &c., for Xmas presents, at low prices, at Kennedy Bros.

The Tobacco Growers' house has joined the Exchange, and the war between that house and those known as the Exchange houses is over. Several of the directors of the Growers' house at once tendered their resignations, alleging that they could no longer act with the house under its change of policy. The majority of the stockholders of the Growers' house thought the action necessary because the house had been losing money lately, since they had been able to secure very few buyers to attend their sales. There is some talk of starting a new house by those opposed to the change of policy in the Growers' house.

The most elegant line of Holland's gold pens, pearl and ivory holders. They are the best, cheap, at T. G. Julian's.

Mr. Daniel Maupin, an old and respected citizen of this city, died suddenly Sunday morning, aged 61 years. Mr. Maupin was born and raised in this country, and though blind from early childhood, he has been an active business man for many years. Mr. Maupin leaves a wife but no children. Several years since he connected himself with the Christian Church, and has lived a consistent and exemplary life since he gave himself to the service of his Master. His funeral was preached yesterday at 11 a. m. by Elder B. W. Trimble, and his remains were laid to rest in Maple Hill Cemetery.

Fine perfumes of all kinds, in cut glass, at T. G. Julian's.

We saw at W. S. Lloyd's the most elegant display of tasteful articles suitable for Christmas gifts that have ever been brought to this city. Books, in beautiful binding, elegant and tasteful wares, splendid designs in cut glass, in short, anything you want that is beautiful and artistic.

Kennedy Bros. have the Xmas presents for the least money.

A great many persons who have found no relief from other treatment, have been cured of rheumatism by Chamberlain's Pain Balm. Do not give up until you have tried it. It is only 50 cents per bottle. For sale by T. G. Julian.

Skates and sleds at 16-21 W. W. Reed's.

To The Farmers.

Through our Building & Loan Companies we can secure you loans on easy terms. We will also write you the cheapest and best of Fire, Life or Accident Insurance.

McCormick & VANDERBILT. Office, No. 30 West Main Street, Sentinel-Democrat building.

W. S. Lloyd has an elegant silver tea set on exhibition at his store. To each customer who buys a dollar's worth of goods he gives a ticket that will entitle the holder to an opportunity to secure this beautiful service.

New Hyman's Mixed Pickles, without a rival as to quality. New York full cream Cheeses—Freshysters, Crackers and Celery. The choicest of Moyne Crisp Powder Tea. A roasted coffee at 37c. per lb. that is great. A select line of bottle goods, fresh and new on the road, for call on me. The greatest bargains ever offered in flour. I have a machine and make Hamburg steak. It is easy to cook and very fine. I want to sell you something good and keep all lines.

W. R. NUNNELLEY.

Barnes keeps the finest line French candy and prices low.

Dr. J. A. Vansant, a well known physician of our city, was married to Miss Mary Harris, of Fulton, Mo., Thursday, Dec. 3, 1891. The Doctor and his bride reached this city on Friday evening, and have roomed at Mrs. Chorn's, on Mayville street. Mrs. Vansant is well known to our people, having spent much time on visits to her cousin, Mrs. E. J. Reid. She is a gifted woman, with a wide range of information, and will verily be a helpmeet to the elegant gentleman with whom she has linked her life. We wish them all the happiness possible in this work-a-day world of ours.

Oysters in bulk and can daily at R. M. & T. K. BARNES.

Mr. James W. Scholl, a young man of Jeffersonville, this county, was arrested Wednesday upon a warrant charging him with assault on the grand jury at this term of the Court, having found an indictment against him. The offense charged is said to have been committed some four years ago, at which time Mr. Scholl was conducting a store in Jeffersonville. The goods belonged to him and were insured in the Hoffman Agency, of this city. The building belonged to Elder J. B. Greenwald. It is just to Mr. Scholl to state that he has always, so far as we have ever heard, been considered upright and honest in all his dealings, and that he claims there is nothing but "spite" in the charge.

Gilbert's extra small pens only at R. M. & T. K. BARNES.

An honest Swede tells his story in plain but unadorned language for the benefit of the public. One of my children took a severe cold and got the croup. I gave her a tea-spoonful of Chamberlain's Cough Remedy, and in five minutes later I gave her one more. By this time she had to cough up the gathering in her throat. Then she went to sleep and slept good for fifteen minutes. Then she got up and vomited; then she went back to bed and slept good for the remainder of the night. She got the croup the second night and I gave the same remedy with the same good results. I write this because I thought there might be someone in the same need and not know the true merits of this wonderful medicine. (Charles A. Thompson, Des Moines, Iowa. 50 cent bottles for sale by T. G. Julian.

If you want to see some of the most tasteful and beautiful articles to be found anywhere, go to W. S. Lloyd's drug store. His display this year surpasses anything that he has ever heretofore attempted.

New crop New Orleans sugar and molasses at R. M. & T. K. BARNES.

Remember Cassidy's cost sale of furniture. 16-31

W. H. Bush will ship five car-loads of cattle for G. W. Goodpastor next Thursday.

For Xmas rockers call on Cassidy.

For SALE—A well improved farm of 125 acres, 8 miles from this city, on good turnpike road, dwelling consists of 8 good rooms; stock barn and all necessary outbuildings; plenty of good water. Parties wishing a good home will find it to their interest to call on the undersigned for further particulars.

W. S. RICHARD.

I still have nice line of queensware on hand that I am offering at a bargain.

Ed. MITCHELL.

Wanted—Situation as Editor.

An editor, who is a versatile and experienced journalist, desires a position as editor of a Democratic weekly newspaper, on a reasonable salary. References and sample of editorial work furnished upon application. Are you in need of an editor for your paper? If so, address, P. O. Box 165, Sharpburg, Ky.

New hominy, evaporated apricots and peaches at BARNES.

Louisville Tobacco Market, furnished by Glover & Durrett—Louisville Tobacco Warehouse.

Sales on our market for the week just closed amounted to 2,096 bags, with receipts for the same period 1,517 bags; sales on our market since Jan'y 1st, amount to 148,346 bags. Sales of the crop of 1890 on our market to this date 102,865 bags.

Our market this week was characterized by great activity in new burley tobacco. The offerings of the week embraced 1,141 bags of new burley and the prices realized were highly satisfactory to sellers. The range of values for fine, new burley was from \$15 to \$30 per hundred. The following quotations fairly represent our market for old burley tobacco:

Trash (dark) or damaged tobacco \$2 to \$3.  
 Colory trash - - - - - \$3 to \$6.  
 Common lugs not colory - - - \$3 to \$4.  
 Colory lugs - - - - - \$4 to \$10.  
 Common leaf - - - - - \$5 to \$7.  
 Medium to good leaf - - - \$7 to \$12.  
 Good to fine fillers - - - \$12 to \$22.  
 Select wrappery tobacco - - - \$22 to \$35.

For RENT—Eighteen acres of good tobacco land, with sufficient barn room and stables, also wood to burn to coals. Within one mile of Court-house. For information call at this office.

18-41

Farm for Sale.

A first-class blue-grass farm, containing 200 acres, within 25 miles of Mt. Sterling; will sell all together or in parcels. It is all good tobacco or hemp lands. Has two large tobacco barns, and is one of the most productive farms in the county. For further information apply at this office.

Judge Wm. Lindsey, of Frankfort, last week argued the motion for a mandamus to compel George A. Whitney to enter the subscription of \$100,000, voted at the late election by Montgomery county, on the bonds of the Midland road. Col. J. S. Hunt appeared for Mr. Whitney and presented his side of the question. Judge Cooper, on Friday evening, rendered a decision ordering the Clerk to enter the subscription on the books of the company. The case will be appealed.

Call and see the display of nice fruits for making black cakes at the window at R. M. & T. K. BARNES.

Exchange.

The Ladies' Missionary Society of the Baptist church, open an Exchange during the holidays in the store of Sharp, Trimble & Denton. The friends of the society are requested to bring donations.

Robert T. Smith, with W. A. Sutton, tenders his professional services as undertaker to the citizens of Montgomery and adjoining counties.

The Democratic caucus of the members of the House of Representatives failed to make a nomination for Speaker on Saturday. Seventeen ballots were taken, with Crisp in the lead and Miller a close second. The caucus adjourned till 10 o'clock yesterday morning.

R. T. Smith is one of the first in Kentucky to invent or use the art of embalming the dead.

Save money by visiting Cassidy's cost sale of furniture. 16-31

Go to Kennedy Bros. for a nice Xmas book.

\$25 Reward.

Strayed from Clay City on the night of Nov. 1st, a white horse, 16 hands high, eight years old, light mane and tail, foretop clipped, a speck in the right eye, a natural saddle horse, and harness marks on him. The above reward will be paid for his return to G. W. LOCKMAN, Clay City, Ky.

A very fine quality sweet mixed pickles at BARNES.

For RENT—I have three nice sized rooms to rent in my new brick residence on Symamore street. I will rent them all together or separate. Apply to THOS. WHITT, Jeweler.

The First Step.

Perhaps you are run down, can't sleep, can't eat, can't think, can't do anything to your satisfaction, and you wonder what ails you. You should heed the warning; you are taking the first step into nervous prostration. You need a nerve tonic, and in Electric Bitters you will find the exact remedy for restoring your nervous system to its normal, healthy condition. Surprising results follow the use of this great nerve tonic and alterative. Your appetite returns, good digestion is restored, and the liver and kidneys resume healthy action. Try a bottle. Price 50c. at W. S. Lloyd's drug store.

T. P. Martin & Co. is headquarters for Christmas Goods.

RELIGIOUS.

Spurgeon, the great London preacher, is very much improved, and his friends are more hopeful of his final recovery.

Rev. W. J. E. Cox, recently pastor of the Georgetown Baptist church, has resigned pastoral charge of the Baptist church at Mayville, to take effect January 1st. He has accepted a call from the Baptist church at Staunton, Va.

Dr. E. W. DeBinger, of Anchorage, State evangelist, preached at the Northern Presbyterian church Sunday morning and night most acceptable sermons. Those who had the pleasure of listening to him speak in the highest terms of the discourses he delivered.

Dr. R. Hiner, pastor of the Methodist church, this city, is at Gilead, in Harrison county, holding a protracted meeting. Rev. Reed, missionary to China, filled Dr. Hiner's pulpit morning and evening Sunday, and delivered in the afternoon a most interesting lecture on the customs and people of China.

Elder W. T. Tibbs filled the pulpit of the Christian church Sunday morning, in the absence of the pastor, Elder H. D. Clark, who was called to Eureka, Ill., to attend the burial of his mother. Elder Tibbs, much to the satisfaction and gratification of the congregation, preached one of his inimitable sermons, and sent his hearers away feeling that it was indeed good to have been there. Bro. Tibbs served the church for many years as pastor, and it is no disparagement to anyone to say that no man who ever lived in our midst, did more good for them than he in the years that he was with this people.

Toys, Toys, now open at T. P. Martin & Co's.

Mr. E. S. Cunningham, one of the best known business men of our community, has been tendered and has accepted the agency of the Louisville Tobacco Warehouse for the counties of Montgomery and Boone. Mr. Cunningham is a hustler, and the man who by fair and honorable means secures more tobacco than he will do this year for his house from the two counties, must be up and moving. We can call to mind no man who has more friends than Mr. Cunningham, nor one who more thoroughly enjoys the confidence and esteem of all who know him. He represents a first-class house, and is in a position to make good every promise he may make to the farmers in his territory.

Family Bibles, Teachers' Bibles, Index Bibles, Silk sewed Bibles, Paralleled Bibles, cheap, at T. G. JULIAN'S.

New York Cream and Edam cheese at R. M. & T. K. BARNES.

### PERSONAL.

Thos. Dotts went to Mt. Sterling Monday.

Mr. A. A. Hazelrigg spent Sunday in Lexington.

Dr. R. P. Guerrant, of Danville, was in the city several days last week. Dave Faulkner is in Mt. Sterling this week on business—Flemingburg Gazette.

Mr. W. D. Thompson and wife last week for a winter's stay in Florida.

Mr. T. J. and Mrs. W. N. Anderson are visiting Mrs. G. C. Every, Olympian Springs.

Judge Oscar McKendall, of Liberty, was in the city yesterday last week for Covington.

Miss Laura Forden, of Springfield, Ill., who has been visiting Miss M. D. Brown for the past two weeks, has returned home, accompanied by T. Snyder, of Bourbon county.

Miss Mattie Quicksall, Secretary of the State F. & L. U., passed this city yesterday to attend a meeting of the Executive Committee at Louisville today. She will remain this week, and will probably be the Secretary's office in this city.

Messrs. Jas. Bush, Mack Clark, Rob't. Barnes, and Misses M. Bent and Stella Thompson, of Sterling, Charlton Wallace, of Lexington, were guests of the family of Judge J. S. Power from Wednesday to Monday last—Flemingburg Times Democrat.

Dr. G. W. Moore, who has been sick at the home of his brother, Thos. Whitt, for the past two weeks, was so far recovered as to go to his home at Olympian Friday. He hopes to be able to retire charge of his practice, within day or two.

No Time to be Wasting.

While times seem a little tight, order to start things in moving. I will sell anything in the job line at very close figures. Just at prices quoted:

3 oz. Silverine Watches, 17c.  
 \$3.50; Gold filled Watches, \$12.50 to \$25.00; Rolled gold chains, guaranteed, \$1.50 to \$2.00; Walnut clocks, \$2.25 to \$3.50. And I will convince you I will sell at a bargain.

Thos. Whitt.

Go to W. S. Lloyd's for beautiful

Fine Ware, Cut Glass, Toilet Sets, Pure Perfumes, Best Books, etc., etc.

If you buy furniture near Cassidy's cost sale is still good.

# THE ADVOCATE.

HARRIS & MASON, Proprietors.

STERLING, TUESDAY, DEC. 8, 1891.

FOR PRESIDENT.  
GROVER CLEVELAND,  
OF New York.

FOR VICE - PRESIDENT.  
JOHN G. CARLISLE,  
OF Kentucky.

Judge DeHaven has been appointed by Gov. Brown to try the Moore case, at Elizabethtown.

The French Senate Friday reported its Tariff Committee's proposal to impose a tax of three francs on foreign sugars.

The French new-paper, Figaro, was Wednesday fined 500 francs for open description for the benefit of the injured Archbishop of Aix.

It is said that the Tennessee conscripts will be returned to the barracks in a few days. Guards are now being employed to protect them.

The Republican members of the House met in caucus at the Capitol Saturday evening and nominated ex-speaker Reed and all the old officers for re-election.

The Treasury Department decides to import black plates, dipped in the country for the purpose of making "terrace plates," as American under the McKinley act.

Senator Turpie, of Indiana, will early in the session of Congress introduce a constitutional amendment, providing for the election of United States Senators by popular vote.

The night south-bound express of the East Tennessee, Virginia and Georgia road, was stopped and robbed two masked men, near Home, Ga., Tuesday night. Very little money was secured.

Dom Pedro II, ex-emperor of Brazil, died at the Hotel Belcote, Paris, France, shortly after 12 o'clock of the night of Thursday last. His daughter, Isabel, and her husband, Count D'Eau, were in attendance at his bedside.

Admiral Walker has been ordered to take the Chicago, Atlanta and Bennington, and proceed to the South Atlantic Station and assume command. The headquarters will be at the Yantic and Essex fleet.

The national organizer of the United League of Republican clubs, Tim E. Byrnes, of Minneapolis, Minn. has been indicted upon the charge of changing a mortgage for two to eight and raising the mortgage the altered document.

Ullrenaker-Moore Paper Company one hundred cents on the dollar will be a pillar of light and various failures that have occurred in this city. Often and cents on the dollar to be paid with others.—Courier-Journal.

It is officially declared that the Chiffa is the work of a panation of brigands, and on the road to exterminate the latest dispatches say that lages have been ransacked by more native Christians.

Barry, of the U. S. Court, on of the Central Trust Company, New York, and other credit-standards placed the Nicholasville, Irvine & Beatty road in the hands of a receiver appointed Col. John Mc position.

ual report of the United States shows that the net revenues of the Government fiscal year were \$392,612,146,835 less than for the ar. The expenditures, ex- premiums on bonds pro- \$355,372,684, an increase 198. The postal revenue was \$65,762,908, and the \$72,067,580.

ual report of the Controller shows that during the October 31, one hundred three new banks were or with a capital of \$20,000,000, same period, forty-one as went into voluntary liquid- twenty-five became insol- number of banks in opera- date named was 3,694, capital of \$634,755,865.

The king of all the level-headed horses, however, is little Direct, the pacer. In all his long and arduous campaign, from a "no record" race down to the fastest mile ever paced by a horse and his three unparalleled heats against Hal Pointer, the little black boy never made a single slip, says a well known writer. Hints of purchases were made by a syndicate of Tennessee breeders, as was pre- dicted, but his astute owner gave them to distinctly understand that he and Direct were inseparable. "I will sell any other horse I have got," said he to one of the syndicate, "except that little black fellow, but I cannot afford to let go of that level-head. I am breeding trotters and pacers, and I need that head in my business."

There are but two Nutwood mares at P. A. Alto and both have produced 2:30 trotters.

Ralph Wilkes (2) 2:18, by Red Wilkes, will be trained next season by C. W. Williams, of Independence.

John Wilkerson, who is one of the best trotting-horse drivers that never buys a pool, recently purchased a 240-acre farm near Terre Haute.

Fausta (1) has reduced the pacing record to 2:23. Frou Frou holds the yearling trotting record; her mark is now 2:25. These fillies are both by Sidney.

The gray ghost Guy, 2:11, is owned by a minister in Mississippi, and the strangest part of the year is that he never saw the horse step a heat in any of his races.

It's immaterial now when the rainy season commences in California. They can't get any more records if they trot all winter. Because why? They've got 'em all now.

Senator Stanford has accepted the offer of C. W. Williams to breed ten mares at \$2,500 each to Arion during the season of 1893. He asks that he be allowed to select one of the colts during the season of foaling at \$10,000.

San Mateo's Freedom (1) 2:20, Regal Wilkes, 2:17, and Hazel Wilkes, 2:20, have been running out all summer, but will be taken up about January 1st and put in training, preparatory to the eastern trip next summer.

It has been going the rounds of the press in the East that Beautiful Bells is the youngest dam of six 2:30 trotters in the world. She is nineteen years of age. Sontag Molokah is the dam of seven 2:30 trotters to date and three years younger than Beautiful Bells. Give credit where credit is due.

Electioneer has ninety-eight in his credit in the 2:30 list and they run from yearlings to eleven-year-olds. At the latter age there is one and one at ten years, five nine-year-olds, twelve seven-year-olds, eleven six-year-olds, twelve five-year-olds, eighteen four-year-olds, and the same number of three-year-olds, ten two-year-olds, and one yearling. Eleven of these performers are from Gen. Benton mares, and twenty-four from thoroughbred mares.

When will people learn that a colt will generally correct the defects in his gait as he learns to trot. Many trainers begin tampering with the gait of a colt before he has learned to use his legs at all. Every horse that was ever foaled has a gait of his own and it is folly to attempt to make a horse go according to some model. Every great trotter has a way of going of his own, and oftentimes his actions might be called very faulty. Protect his legs with boots and give his head a little freedom, and if he has speed he will learn to show it.

Monroe Salisbury attributes his phenomenal success out East with his string this season to the care he and George Starr bestowed upon the horses. They were never alone for even half an hour. Mr. Salisbury says they've got about 2,500 trotting and pacing horses in training east of Kansas, and if you don't keep your eyes open they'll spring something new and phenomenally fast on you any day, and take all the money in the pool-box.—Breeder & Sportsman.

The king of all the level-headed horses, however, is little Direct, the pacer. In all his long and arduous campaign, from a "no record" race down to the fastest mile ever paced by a horse and his three unparalleled heats against Hal Pointer, the little black boy never made a single slip, says a well known writer. Hints of purchases were made by a syndicate of Tennessee breeders, as was predicted, but his astute owner gave them to distinctly understand that he and Direct were inseparable. "I will sell any other horse I have got," said he to one of the syndicate, "except that little black fellow, but I cannot afford to let go of that level-head. In all his long and arduous campaign, from a "no record" race down to the fastest mile ever paced by a horse and his three unparalleled heats against Hal Pointer, the little black boy never made a single slip, says a well known writer. Hints of purchases were made by a syndicate of Tennessee breeders, as was predicted, but his astute owner gave them to distinctly understand that he and Direct were inseparable. "I will sell any other horse I have got," said he to one of the syndicate, "except that little black fellow, but I cannot afford to let go of that level-head. I am breeding trotters and pacers, and I need that head in my business."

There are but two Nutwood mares at P. A. Alto and both have produced 2:30 trotters.

Ralph Wilkes (2) 2:18, by Red Wilkes, will be trained next season by C. W. Williams, of Independence.

John Wilkerson, who is one of the best trotting-horse drivers that never buys a pool, recently purchased a 240-acre farm near Terre Haute.

Fausta (1) has reduced the pacing record to 2:23. Frou Frou holds the yearling trotting record; her mark is now 2:25. These fillies are both by Sidney.

The gray ghost Guy, 2:11, is owned by a minister in Mississippi, and the strangest part of the year is that he never saw the horse step a heat in any of his races.

It's immaterial now when the rainy season commences in California. They can't get any more records if they trot all winter. Because why? They've got 'em all now.

Senator Stanford has accepted the offer of C. W. Williams to breed ten mares at \$2,500 each to Arion during the season of 1893. He asks that he be allowed to select one of the colts during the season of foaling at \$10,000.

San Mateo's Freedom (1) 2:20, Regal Wilkes, 2:17, and Hazel Wilkes, 2:20, have been running out all summer, but will be taken up about January 1st and put in training, preparatory to the eastern trip next summer.

It has been going the rounds of the press in the East that Beautiful Bells is the youngest dam of six 2:30 trotters in the world. She is nineteen years of age. Sontag Molokah is the dam of seven 2:30 trotters to date and three years younger than Beautiful Bells. Give credit where credit is due.

Electioneer has ninety-eight in his credit in the 2:30 list and they run from yearlings to eleven-year-olds. At the latter age there is one and one at ten years, five nine-year-olds, twelve seven-year-olds, eleven six-year-olds, twelve five-year-olds, eighteen four-year-olds, and the same number of three-year-olds, ten two-year-olds, and one yearling. Eleven of these performers are from Gen. Benton mares, and twenty-four from thoroughbred mares.

When will people learn that a colt will generally correct the defects in his gait as he learns to trot. Many trainers begin tampering with the gait of a colt before he has learned to use his legs at all. Every horse that was ever foaled has a gait of his own and it is folly to attempt to make a horse go according to some model. Every great trotter has a way of going of his own, and oftentimes his actions might be called very faulty. Protect his legs with boots and give his head a little freedom, and if he has speed he will learn to show it.

Monroe Salisbury attributes his phenomenal success out East with his string this season to the care he and George Starr bestowed upon the horses. They were never alone for even half an hour. Mr. Salisbury says they've got about 2,500 trotting and pacing horses in training east of Kansas, and if you don't keep your eyes open they'll spring something new and phenomenally fast on you any day, and take all the money in the pool-box.—Breeder & Sportsman.

The king of all the level-headed horses, however, is little Direct, the pacer. In all his long and arduous campaign, from a "no record" race down to the fastest mile ever paced by a horse and his three unparalleled heats against Hal Pointer, the little black boy never made a single slip, says a well known writer. Hints of purchases were made by a syndicate of Tennessee breeders, as was predicted, but his astute owner gave them to distinctly understand that he and Direct were inseparable. "I will sell any other horse I have got," said he to one of the syndicate, "except that little black fellow, but I cannot afford to let go of that level-head. # THE ADVOCATE.

**Phantom Cannon.**  
Among the strangest of phenomena are the explosive noises that have been heard for years over half of the large area of the Ganges delta and that have not yet been assigned to any satisfactory cause. The noises, for the lack of a better name, have long been known as the Burial guns, so called from Barisal, the chief town of the district to which they are mostly confined. The startling sounds were the subject of a long discussion at a meeting of the Asiatic Society of Bengal, but the learned members are no nearer a solution of the mystery now than when it was first discussed and written about, nineteen years ago.

The sounds resemble the explosion of bombs or the thunder of heavy guns. They occur at quite regular intervals, but most frequently in the rainy season, and their usual accompaniment is a southerly wind. They are heard along 100 miles of the coast and up the many branches of the delta from 50 to 100 miles inland, and due north as far as the Garo hills, about 130 miles from the coast. The low-lying, swampy coast region for fifty miles inland is thinly inhabited, and, strange as it may appear, no one ever seems to be at or near the place where the noises originate. The institution of the Asiatic society was profile of theories as to the cause of this phenomenon, but no theory was supported by evidence sufficient to much weight.

The noises are variously assigned to atmospheric electricity, to subterranean or subaqueous agencies, to the bursting of bamboo— which has, however, produced a noise more like the crack of musketry than the boom of artillery— and also to the breaking of the tremendous surfs rolling along the northern shore of the Bay of Bengal, the sound of which, it is urged, is borne far inland among the river channels.—Boston Transcript.

**He Had Forgotten Something.**  
I was staying on the Hill when the famous convulsion of 1888 occurred. I was awakened by a shock which dashed two pictures off the wall of my room and upset the washstand. While I was striking a match another shock struck me and some chairs among some fragments of broken crockery. I had presence of mind enough to remember that during an earthquake you are no safer in the room than in the open building; so I dressed without much precipitation, and after a desperate struggle to open my door—which had got jammed—walked down the stairs. The sight was one never to be forgotten. Men, women and children in dishevelled were huddled in the front hall, crying, shrieking and praying. Some had leaped out of doors with hardly any clothes on, and had made for the sea, where they clung to the rowed out in open boats—about the worst thing they could do.

Among the panic-stricken folk was an old gentleman in pyjamas, who had come down the stairs three steps at a time. But on reaching the hall he exclaimed that he had forgotten something and must go back. His friends shouted to him that the upper stories were dangerous; but he turned a deaf ear, bounded up stairs and presently returned panting. The old gentleman had forgotten was his set of false teeth.—Cor. London Graphic.

**A Lively Race.**  
He was telling me of the wind in one of the new states. The storm wind in the same direction as the wind. "We came up with a party of section workers on a hauler. They got off to let us go, but the wind was so strong that the hauler was not alone for a moment and was whisked away by the wind. It gained rapid headway and before we were aware of it the hauler had a hole in its side and was just in the air. The section superintendent ordered the men to board the engine and then the train moved ahead after the hauler over. The engineer went away at first, thinking the hauler would soon be recaptured. But no, the car was in for a race. By the second thinking the hauler was too fast and was dashed ahead at the rate of fifty miles an hour. It was a long chase and the conductor told me that he traveled over seventy miles to catch that hauler. I suppose the hauler would have beaten us but Chicago if it hadn't had a hot box. I tell you the wind is awful out there."—Brooklyn Eagle.

**Avenged His Friend.**  
Albermar Higgins is the owner of two handsome and valuable dogs. One is quite small, while the other is a good sized fellow. They are both well behaved and quiet. The other morning the little dog started up the street alone. Before he had gone two or three doors he met him and a light came on which the little one was badly punished. After getting away he turned and went to the Higgins studio, where his big chain was resting. A few moments later the larger dog wanted to go out; the door was opened and he darted up the street. Before going far he met the two dogs who had assailed the little one, and, in the language of the small boy, "he licked 'em both." Having accomplished this work, he went back to the studio wagging his tail and apparently much pleased at having avenged his comrade.—Bath (Me.) Enterprise.

Man is the only animal who craves ice-cold drinks in hot weather. The wiser instinct of all domestic animals prefers water near the temperature of the surrounding air in summer, and in cold weather that which is near the blood heat. Cows will often drink from some muddy pond while refusing clear water from a deep well. To get them to drink the latter it should be pumped several hours before using and allowed to warm all the while in the sun.

The laws of health are taught in our schools; but not in a way to be of much practical benefit and are never illustrated by living examples, which in many cases could easily be done. If some scholar, who had just contracted a cold was brought before the school, so that all could hear the dry loud cough, and know its significance; see the thin white coating on the tongue and later, as the cold develops, see the profuse watery expectoration and thin watery discharge from the nose, not one of them would ever forget what the first symptoms of a cold were. The scholar should then be given Chamberlain's Cough Remedy freely, that all might see that even a severe cold could be cured in one or two days, or at least greatly mitigated, when properly treated as soon as the first symptoms appear. For sale by T. G. Julian.

The Christian Union closes an argument in favor of closing the Columbia Exposition on Sundays with these sufficiently liberal words:

"The Christian Union is not a Sabbath journal. It does not believe in the Puritan idea of Sunday; it does not think it Scriptural nor for the advantage of the people; does not regard the Fourth Commandment as of binding force on the Christian church or the American people; believes in the Christian Sunday, not in the Puritan Sabbath; has no wish to enforce its own idea of Sunday by law; and would resent the attempt of others to enforce their ideas of Sunday by law. It represents, not a Puritan constituency, but we believe, a much larger one, in urging on grounds of public welfare that the Columbia Exposition regard the day which by common consent this Nation has devoted to rest and to opportunity for religious worship and unselfish work."

## Eupespy.

This is what you ought to have, in fact, you must have it to enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent annually by our people in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and the use persisted in, will bring you good digestion and oust the demon dyspepsia and install instead eupespy. We recommend Electric Bitters for dyspepsia and all diseases of liver, stomach and kidneys. Sold at 50 cents and \$1 per bottle by W. S. Lloyd, druggist.

The new servant girl tried two kinds of furniture polish on the rosewood dining-table. She declared that American furniture polish was "no good at all, at all." She got half a pound of white beeswax, two cakes of castile soap and a pint of turpentine. She boiled the soap and wax together—that is, she melted them until they ran together. Then she poured in the turpentine. All the hardwood in the house shines like mirror glass now. "Tis what they call the bar shine in Dublin," she said.—Texas Stockman.

**Opinions of the Trade South.**  
I find Chamberlain's medicines very excellent, particularly Chamberlain's Cough Remedy.—B. E. Etheridge, Hallettsville, Texas.

I have tried Chamberlain's Cough Remedy with great success.—R. Tanner, Waveland, Miss.

Chamberlain's Cough Remedy cannot be beat.—W. L. Davis, Liberty Hill, La.

I have used Chamberlain's Cough Remedy in my family, and consider it the best I have ever tried.—W. J. Flowers, Dorville, Ga. 50 cent bottles for sale by T. G. Julian.

Major Edward Rice, of the 19th Massachusetts Volunteers, now Lieutenant Colonel of Infantry in the regular army and aide-de-camp to Gen. Miles, has been formally decorated with the Congressional medal of honor. The medal is in recognition of his exceptional valor in repelling Pickett's charge at Bloody Gap on the third day of the battle at Gettysburg, saving the men from falling into the hands of General Lee.

# CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. AKERMAN, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a waste of supererogation to endorse it. Few are the families who do not keep Castoria as a reliable remedy." CARLOS MARTIN, D. D., New York City, Late Pastor Brooklands Baptist Church.

"For several years I have recommended 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PARKER, M. D., "The Winthrop," 128th Street and 7th Ave., New York City.

THE CASTORIA COMPANY, 17 NASSAU STREET, NEW YORK.

## KENTUCKY

Tobacco Growers' Association Warehouse

NORTHWEST COR. 13th & MAIN STS. LOUISVILLE, KY.

Rates \$1.50 per hhd. 30 days free storage. 25c. per month after 30 days. No deduction for samples. Mark your tobacco "GROWERS' HOUSE."

W. T. JONES, of Henry County, Manager, HARRY SKOOG, of Shelby County, Asst. Manager, Capt. B. A. Tracy, Solicitor.

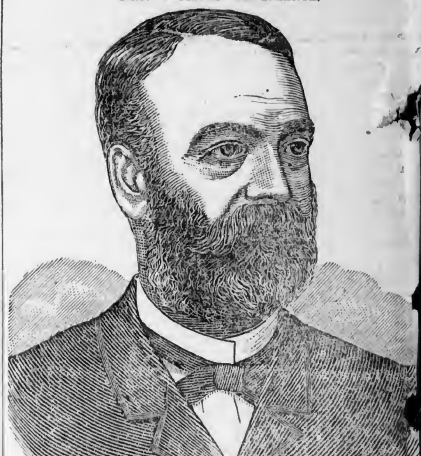

IS IT WORTH SAVING? It will cost you to sell at any old Warehouse in Louisville a hhd. of tobacco, supposing the hhd. to net \$10, as follows: Warehouse charges \$2.00; Commission \$1.00; 10 lbs. Sample \$1.00, — \$4.00. It will cost you to sell 10 hhd. at the same rate, \$40.00. It will cost you to sell at the GROWERS' HOUSE, the same tobacco: one hhd., \$1.00; no deduction for sample; no commission; 10 hhd., \$15.00! Showing a difference in favor of the GROWERS' HOUSE of \$25.00. If you are in the tobacco business for money, and consider this little sum worth saving in the sale of ten hhd. of tobacco, ship to the GROWERS' HOUSE.

LOUISVILLE, KY.

THIRTY YEARS' EXPERIENCE.

**C. H. BOGMAN, M. D.**

The well-known SURGEON and SPECIALIST of Cincinnati, O., formerly Resident Physician of the PHILADELPHIA GENERAL HOSPITAL, and PHYSICIAN in Charge of the Ohio MEDICAL INSTITUTE, has for thirty years devoted his attention to the treatment of CHRONIC NERVOUS, FEMALE AND SURGICAL DISEASES, such as Bronchitis, Catarrh, Cough, Rheumatism, all diseases of the Stomach, Bowel, Rectum, Liver, Kidney, Bladder, Sexual Organs, Heart, Nerves and Brain (Paralysis of the Eye and Ear, Deformities, etc.).

HE WILL BE AT THE

NATIONAL HOTEL, MT. STERLING, KY.,

Saturday, December 18th—His 18th Regular Visit.

Returning Every Fourth Week Thereafter.

Consultation and Examination. He will promptly tell you all about your disease and the prospects of a cure. He understands no favorable case, feel confidence, and the assurance of certain relief and permanent cure. Their cases always prove satisfactory; local treatment is seldom necessary. Early intervention is in their earlier stages, cured without pain or instrumental interference. Suffering is usually the result of carelessness or ignorance. It can be remedied. Epilepsy or Fits cured by a never failing treatment. Headache, many cases can be cured.

Cancers permanently removed from the most delicate organs by his own peculiar method. Little or no pain; no loss of blood; no knife or cautery; the only positive cure. Nicotine, Varicose, Hemorrhoids, Spermatorrhea, and all unusual discharges permanently cured.

Many of all ages who suffer from indigestion and excessive weight by his own peculiar method. If they cannot obtain relief in the urine or irritation of the urinary organs, they should consult him without delay. He cures all such cases.

The doctor treats, with unflinching success, all forms of Mental Disease, such as Phrenitis, Mania, Epilepsy, etc. of the Brain, by a method of his own discovery. Early intervention is considered the best of judgment in all cases, and saves the efforts of all others.

As his rooms are usually crowded it is better to call early in the day to avoid delay.

Persons consulting him should bring from two to four ounces of their urine in a bottle for examination.

Patients treated by mail or express, but when possible personal consultation is preferred. List of questions sent on application.

All Consultations, Correspondence, and Cases Strictly Confidential.

Treatment sent C. O. D. to any part of the United States and Canada. Address postage free.

Dr. C. H. BOGMAN, Box 703, Cincinnati.

Indies. Sold in England for 1/6. Sold in America for 25c. Sold from your Druggist or 46 West Broadway, New York.

# THE ADVOCATE.

## THE KITCHEN.

**COOKING.**—One cupful sour cream, 1 cupful sugar, a pinch of salt and a generous teaspoonful of saleratus. If preferred, the yolk of an egg may be used. Flavour with nutmeg or grated lemon rind. Flour to roll. These will be lighter and crisper, if after the ingredients are added about half the flour is mixed, the dough is left for from 10 to 30 minutes before adding the remainder of the flour.

**INDIAN PUDDING.**—Take one quart of new milk, half a pint of Indian meal, two eggs, half a teaspoonful of salt and one cup of sugar. Boil a pint of the milk, stir in the meal while boiling, cook five minutes and add the remainder of the milk; then let it cool. When cold beat the sugar and eggs together and add, stirring the whole thoroughly, and bake one hour in a deep dish. Good, eaten either hot or cold.

**PINE-APPLE TRIFLE.**—Soak a package of gelatine in a cupful of cold water, put it into a bowl with two cupfuls of white sugar, one peeled and chopped fine apple, the juice and rind of a lemon. Mix, cover and let stand an hour, then pour on three cupfuls of boiling water, strain and squeeze hard. Set on ice to cool. When it begins to jelly, whip the whites of four eggs; beat in a spoonful of at a time; whip well and set on ice until ready to serve.

**A HOMEY RECIPE.**—A wax finish for furniture woods can be made by mixing about three ounces of washed tallow and three and one-fourth pounds of wax with one pint of turpentine, constantly stirring while boiling and until cold. The paste is worked in, the superfluous wax removed with a wooden scraper, and then gone over with soft woolen duffs until it shines. Some men prefer to let the wax dissolve in the turpentine, but they may fancy the heat diminishes the polishing effect. If a coat of French polish be afterward applied it deepens the gloss.

**BEST SALAD.**—Boil the beets, and chop very fine. Make a boiled dressing and pour over it. For boiled dressing take one teaspoonful mustard, two teaspoonful salt, two tablespoonful sugar, one quarter teaspoonful cayenne pepper, one-half cup vinegar, two eggs, one cup cream or milk and two tablespoonful of melted butter. Mix the dry ingredients and moisten with the vinegar, pour on the two eggs, stirring as you do so; add cream and butter. Place the beets in a pan of hot water and stir till thickened. Remove from the water and set away to cool. This dressing may be used for lettuce or beets.

**LEMON BREAD.**—This is claimed to be the best bread made. To make it, use one quart of warm water and one cake of Fleischman's yeast, one ounce of salt and one pound of sugar. Make the sponge, and let it stand one hour, then add one and one-half pounds of flour. If it stand three hours, or until it is a smooth, elastic dough, it will spring back if pressed with your finger; cut in one-pound loaves; bake for one hour and bake twenty minutes in a very hot oven. Before putting in the oven, cut three cuts on each loaf with a razor. While baking wash the tops of the loaves with a sponge dipped in milk to which a little sugar has been added.

**ON FISH.**—Cut up about three pounds of any favorite white fish into pieces about two inches square. Boil in salt water with three pieces of butter, two large, thirty-four and onions, two chopped apples and a tablespoon of chopped parsley. Stir over the fire until the apples are nicely colored, then add a half cupful of good stock, and a teaspoonful each of curry paste, pepper and ground rice, made into a smooth paste with a little cold water, and a slight seasoning of salt. Simmer gently for fifteen to twenty minutes, then add a half cup of cream, and simmer a few minutes longer. Serve piled up high in the center of a hot dish, surrounded by a ring of rice, neat border of properly cut parsley, which should be garnished with a few sprigs of parsley. The base and serve immediately.

bank were put in a small sauce-pan with one quart of cold water, and cooked for three hours. When strained there was a pint of stock, which could be used for the tomato and macaroni soup. One quart of stewed tomatoes was put with this, and the sauce-pan placed on the fire. When this boiled, there was stirred into it one teaspoonful of sugar, one-fourth of a teaspoonful of pepper, two teaspoonfuls of salt and three tablespoonfuls of cornstarch, mixed with half a cupful of cold-water. This simmered for twenty-five minutes. As soon as the thickening and seasoning were added to the soup, a generous half cupful of broken macaroni was put in a stew-pan with a quart of boiling water, and cooked for twenty-five minutes. It was then drained and added to the soup, and all was simmered together for ten minutes. The vegetables were prepared and put away in cold water until the time to cook them.—(Good Housekeeping.)

## SPEAKERS OF THE HOUSE.

The first Speaker of the National House of Representatives was a Lutheran clergyman—Rev. Frederick A. C. Muhlenberg. He had four straight terms in Congress, and in the First and Third Congresses he was Speaker. He died soon after. Then came Jonathan Trumbull, who went from the Speakership to the Senate, and then was elected Governor of Connecticut eleven terms, dying in office. Jonathan Dayton, of New Jersey, was Speaker of the Fourth and Fifth Congresses, and then Senator. Thaddeus S. C. Muhlenberg. He had four straight terms in Congress, and in the First and Third Congresses he was Speaker. He died soon after. Then came Jonathan Trumbull, who went from the Speakership to the Senate, and then was elected Governor of Connecticut eleven terms, dying in office. Jonathan Dayton, of New Jersey, was Speaker of the Fourth and Fifth Congresses, and then Senator.

John W. Taylor, of New York, and Philip P. Barbour, of Virginia, were also Interim Speakers, so to speak. That is to say, they were sandwiched in during Henry Clay's twelve years, holding the office while Clay was out attending to other business. They never became distinguished. Andrew Stevenson, the eleventh Speaker, was a three-times winner, but he went out before the end of his third term to become Minister to Spain. John Bell, of Tennessee, was a Senator after he was Speaker. He was also Secretary of War under William Henry Harrison. Robert M. Hunter, of Virginia, took up the gavel while James K. Polk laid down. For twenty years afterward Mr. Hunter was considered Presidential timber. His name was mentioned in conventions, but he was rejected among the available men for the honor of the southern Confederacy. Then for twenty years he was forgotten, and in the midst of Mr. Cleveland's Administration the country was astonished to learn that this once eminent Democrat still lived and was holding a little \$300 office. John White, of Kentucky; John W. Jones, of Virginia, and John W. Davis in succession had one term each. White went on the bench in Kentucky after being Speaker and killed himself—the only suicide among the ex-Speakers. Jones and Davis died in their prime.

Robert O. Winthrop, of Massachusetts, the protégé of Daniel Webster, was Speaker of the Thirtieth Congress in 1849, and went into forty years' retirement afterward. Then Howell Cobb, of Georgia, and Linn Boyd, of Kentucky, had each a term. Boyd died in office. Boyd was Secretary of the Treasury after leaving office. Buchanan, Nathaniel P. Banks came back to Congress forty-four years after he had been Speaker. Between times he had been Governor of this State and a Major General in the army. James L. Orr, of South Carolina, and William Pennington, of New Jersey, were the Speakers of the next two Congresses, bringing the record down to the beginning of the war. They were scarcely heard of after they went out of Congress. Galusha A. Groves was the Speaker of the House which came in with Lincoln, and after him were, in succession, Cofax, Blaine, Michael C. Kerr, of Indiana; Randall; J. Warren Keifer, of Ohio; Carlisle and Reed. Mr. Kerr was the only Speaker who died while holding the office.

Mr. Blaine was the twenty-sixth Speaker. He had three terms; so did Schuyler Colfax, who was Mr. Blaine's

immediate predecessor. Three terms seem to be considered about the proper thing for a first-class Speaker. Mr. Randall, the twenty-ninth Speaker, was three times elected Speaker, so was Mr. Carlisle, who followed him immediately. Another three-term Speaker was Nathaniel Macon, of North Carolina. He was the fifth Speaker, but the first from the South. Henry Clay broke the record: he was six times elected Speaker. In one Congress he resigned the Speakership to go to Europe to arrange the treaty of peace with Great Britain. But he came back to the next Congress and received the Speakership again. By the rules of luck the thirteenth Speaker should have been "hoodloded" the rest of his life. But in fact he was the only Speaker who ever reached the Presidency. Of course the name is guessed—James K. Polk. And he was elected President against Henry Clay, another ex-Speaker.—(Louisville Times.)

## Rapid Milking.

Many agricultural writers advise milking rapidly as necessary to obtain the largest flow of milk. In this there is only a partial truth. Generally those who milk rapidly do so because of long experience. It is something in which skill is required by constant practice, and the milkster must learn to do the work well and thoroughly, and to so handle the udder and teats as not to give pain to the animal, and when one has done that, he may strive to increase the speed.

However, let two milkers who have long milked the same cows, one milking much more rapidly than the other, change cows, and it will be found in most cases that both lots of cows will shrink in their milk. The unconscious touch annoys the animal to such an extent that she does not "give down" her milk. Either it is not decreed, or she possesses the power of holding it back, to the extent of lessening her production several pounds in a day. Probably it is the former, upon the same principle that one secretes more saliva when eating food that is highly relished, than when eating that which does not taste right.

The injunction to milk rapidly, however, may have done injury in many cases by causing those who were unused to the business to exert unnecessary strength in pressing the teats, or against the udder to force a giving down, which caused pain to the animal, and by so doing defeated its own purpose, as it checked the secretion. In some cases there is no doubt that this vigorous squeezing and pulling has been the cause of breaking some of the minute blood-vessels, and causing bloody milk, and in more cases it has produced an inflammation of the udder, that resulted in garget or ropy milk.

The motto for the milk ray should be: "Handle all cows gently and quietly, so that they will not dislike the handling, and when milking, do not brush and wash the udder to remove all dirt that might drop in the pail, milk steadily without jarring, as long as the flow is kept up, and without the use of any more force than is needed to keep up the stream to the full capacity of the office in the teat."

Horses in a large town are often saved from colic by being allowed to drink frequently at the public canteens and fountains. By doing this the horse becomes a good judge of the quality he requires. If a horse comes home from a hard journey, perspiring freely, do not allow him to drink his fill of cold water. Let him stand in the stable till he has cooled somewhat and made comfortable. A little chilled water may be given, and a little good, long hay may be put into his mouth to take his attention. It will acquire thorough satisfaction, and will have the effect of preparing the stomach for the reception of the more concentrated food which is to follow.

The railroads of Great Britain are coming democratic. A few years ago the Midland Railroad abolished its second-class carriages, and although the railroads are coming democratic, as to the result of the experiment, it has proved a great success, socially and financially. Now it is proposed that the Great Northern Railway shall follow suit, and the mere proposal has had the effect of increasing the market value of the stock five points, while travellers greet it with approval.

W. W. Reed will sell you a cook range way below regular price on account of over stock, and on heating stoves the prices are so low that they are out of sight.

The following would indicate that there is still hope for the paralyzed. Frank Cornelius, of Portland, Maine, writes: "I induced Mr. Pinson, whose wife had paralysis in the face, to try a bottle of Chamberlain's Pain Balm. To their great surprise before the bottle had all been used she was a great deal better. Her face had been drawn to one side, but the Pain Balm relieved all pain and soreness, and the mouth assumed its natural shape." It is also unequalled for rheumatism, lame back, sprains, swellings and lameness. 50 cent bottles for sale by T. G. Julian.

## Can't Sleep Nights.

Is the complaint of thousands suffering from Asthma, Consumption, Coughs, etc. Did you ever try Dr. Acker's English Remedy? It is the preparation known for all Lung Troubles. Sold on a positive guarantee at 25c and 50c. T. C. Julian, druggist.

## That Terrible Cough.

In the morning, hurried or difficult breathing, raising phlegm, tightness in the chest, quickened pulse, chilliness in the evening or sweats at night, all or any of these are the first stages of consumption. Dr. Acker's English Cough Remedy will cure these fearful symptoms, and is sold under a positive guarantee by T. G. Julian.

## A Cure For Paralysis.

Frank Cornelius, of Portland, Ind. Ter. says: "I induced Mr. Pinson, whose wife had the paralysis in the face, to try a bottle of Chamberlain's Pain Balm. To their great surprise before the bottle had all been used she was a great deal better. Her face had been drawn to one side; but the Pain Balm relieved all pain and soreness, and the mouth assumed its natural shape." It is also a cure for rheumatism, lame back, sprains, swellings and lameness. 50 cent bottles for sale by T. G. Julian.

## THE ADVOCATE.

## NEWS OF THE WEEK.

The F. W. Cook Brewery, at Evansville, Ind., was burned Friday afternoon. Loss \$50,000.

A Philadelphia man has invented an odorless whiskey. There is a big blow at the clove industry.—[Detroit Free Press.

The safe of the Hopkins County Bank, at Madisonville, Ky., was blown open and robbed of about \$6,000 Tuesday night.

At Warren, Pa., A. R. Blood, a wealthy oil operator, was killed by being thrown from a horse. His life was insured for \$300,000.

By the explosion of a dynamite factory Wednesday, at Haverstraw, New York, six men were killed. The shock was felt twenty miles away.

The State of Tennessee has expended about \$10,000 in paying for the capture of the convicts set at liberty by the rebellious miners at Priceville.

A Louisville, New Orleans and Texas railroad passenger train was Saturday thrown into White Oak Bayou, Miss., by a broken truck and sixteen persons injured, some quite seriously.

Rea Bros. & Co., bankers of Pittsburgh, who suspended some two months ago, paying their creditors 50 per cent. in cash and giving notes for 50 per cent., payable in a year, have called in all these notes for payment at once.

One of the worst snowstorms known in years visited the vicinity of Carlisle, Pa., Friday afternoon. All the Cumberland Valley suffered the destruction of buildings. At Carlisle the loss will amount to \$100,000. At Mechanicsburg, fifteen buildings were blown down, and through the country barns were wrecked and crops ruined.

Trotting seems to have taken a firm hold in England. The Trotting Union of Great Britain has decided to institute a stud book for trotters for the purpose of stimulating breeders. The members point to the increased interest in trotters and the fact that the Alexander Stakes in 1880 were £500 and this year £1,625.

A farmer in Platte county, Mo., was sealing for fish in a creek on his farm recently, when the net became fastened and he reached down to pick it up and found it to be an old copper pot containing \$670 in gold pieces. The denominations were five tens and twenties and none of them a date later than 1857.

Dun's weekly review of trade shows that the only change observable is a gradual improvement. The only sign of an unfavorable character is that collections at some points are slower and harder than usual, particularly where the low price of cotton leads holders to defer selling as long as possible.

During a storm on the Hudson river Friday night twelve brick barges, east adrift by the tug Townsend, capsized, and twenty persons were drowned. There were about fifty men on board the different boats. The tug had to cut loose to keep from lumbering, and the survivors saved themselves by clinging to the overturned boats or swimming ashore.

The Knoxville Journal calls attention to the fact that, as the time for taking evidence in the suit of the State of Virginia against the State of Tennessee for the settlement of the boundary line between the two States, expired, by agreement, on the last day of November, it now goes to the Supreme Court of the United States to be decided upon.

The Frankfort Capital says that Rev. E. A. Penick, rector of the Episcopal church in Frankfort, who is fond of hunting, went on the lands of a farmer, whose farm is posted, and succeeded in killing a flock of birds, when the owner of the land appeared and told him to leave. The Rector tried to prevail on him to let him shoot at some of them, when the farmer asked him who he was, and on being informed said: "Well, you can just get off this farm; mine are Campbellite birds and don't need any of your sprinkling."

A murderous lunatic, H. D. Wilson, came into the office of Russell Sage, the millionaire, Broadway, New York, on Friday. Calling for Mr. Sage he handed him a letter in which was a demand for \$1,250,000, coupled with a threat that upon a refusal he would blow up the office and the city.

experts with dynamite. Mr. Sage declined to accede to the fellow's very reasonable request, and Wilson promptly threw a small hand-satchel to the floor, when a terrible explosion followed, wrecking the second floor of the building in which the offices were located. Wilson himself and one of Sage's clerks, B. F. Morton, were literally blown to pieces. Several other clerks in the office were so severely hurt that their recovery is exceedingly doubtful, whilst Sage and some others in the rooms escaped with their lives as by a miracle, though severely hurt. Every one on the floor was more or less injured.

## Report of County Superintendent.

District No. 23, "Fort Woods"—Reports 60, draws \$135.60. Highest number at school, 52; lowest, 18; present, 23. Miss Pinkie Ricketts, the same old teacher. People and trustees afraid to exchange her for another. Her popularity and experience increase age, but her salary is not raised but reduced rather. House has been repaired some, needs painting. This is a school where the pupils are very bright, and if the trustees and patrons would visit the school often, the scholars would soon get rid of some of their timidity. Very good recitations from Misses Horton, Raborn, Trumble, Keith and several others. There should be a class in algebra and a class in physiology here—good material for both. Trustees—Amos Turley and G. W. Raborn—poor hands to visit their school.

District No. 21, Peyton's Lick—Reports 71, draws \$100.40. Miss Lena Howard, of Bath county, teacher, is very attentive and bids fair to be one of our "very best." Pupils very fond of her and try to please her. Highest number, 33; lowest, 10; present, 26. This is far too low for the number reported, should never fall below half at worst. School house over on a mud road, on a very poor site. Trustees—Charley Frazier, Mr. Scott and Mr. James Neal—seem to take little enough interest in their school, and the patrons and people generally take little less. This school is decidedly on an upward tendency, but at a very slow stride.

School District No. 19, "Great Expectations"—Miss Pearl Bruton, teacher, loves her profession, has a nice school, which she manages very nicely, indeed. Several nice recitations: Child's History No. 1. Reports 87; draws \$106.22; highest number, 52; lowest, 31; present, 41. This district is situated in the best portion of the county, on a good turnpike road, and among the patrons may be found many of our best citizens. It also contains the pleasant little village, The Run, which is the "garden spot" of days gone by. Trustees—Daniel Henry, one of the oldest and best men in this county, has been a school trustee at least forty years of his life, and that in the same district; Messrs. Cord and Davis, new men here, all interested in the school.

No. 11, Salem—Reports 86; draws \$104.39; no school house at all; one church; highest number 48; lowest 10; present 28; Mr. Ficklin, teacher, works under some disadvantages; in this district are some of the best and brightest children in the county, yet the school as a whole has never been much of a success; good lessons seemed to be the order of the day here; many of the children recited in a very satisfactory manner; new house will be built in the spring. Trustees—E. E. Matherly, C. C. Shubert.

District No. 17, Spruce—Reports 100 children; draws \$226; Miss Clay Willoughby is the teacher, and doing her best work now at the first to win a reputation; her first school; Trustees—Ford, Knox; highest number 65; lowest 32, present 46; five children from this district transferred to Willoughby district, No. 30.

## Seed For Farmers.

I have secured some home-grown Burley, yellow and blue Fryor tobacco seed for free distribution to farmers only. The Burley seed were principally grown in Shelby, Henry and Franklin counties, Ky., and is the product of fine crops and raised in 1891. Those desiring seed will please write me and the seed will be sent by mail. State papers will please copy. CHAS. Y. WILSON, Com'r.

A wall of a business building in St. Paul, Minnesota, from which workmen were removing the debris, fell Friday, crushing nine men to death and injuring five others, three of whom it is feared can not recover.

Nice line of Xmas goods at Cassidy's.

## Wells &amp; Hazelrigg

DEALERS IN

Staple and Fancy Dry Goods.

By far the largest and handsomest stock of Dress Goods and Novelty Suitings in the market and all paid for.

A tremendous stock of Table Linens, Torchon Edgings and sossery, all bought and paid for before the McKinley Bill was passed.

WELLS & HAZELRIGG have more Carpets than all the town put together! We are the only house that carries the best brands, such as LOWELL'S, HARTFORD'S, BROMLEY'S, etc., etc., and which they sell as low as OTHER HOUSES SELL INTERIOR MAKES.

WELLS & HAZELRIGG have the sole control of M. Shortle's Children's and Misses' Shoes—the cheapest in America—and every pair warranted. Also J. Johnson's Hand-Made Shoes.

WELLS & HAZELRIGG don't deal in Trash. For HONEST GOODS and HONEST TREATMENT go to

WELLS &amp; HAZELRIGG.

A PRIME COST SALE!

OF

Boots, Shoes, Hats, Furnishing, Etc.

Some weeks ago we advertised our store for sale as a whole in order to dissolve our partnership and discontinue business. Fair in this we have made up our minds to sell every article in our store at

PRIME FIRST COST.

Of course, this sale means Cash in Hand. In order to satisfy any doubting Thomas that we are in earnest, we will show our invoices and cost mark. No better, finer or more stylish shoes, boots, hats, furnishing, etc., can be found in Mt. Sterling. We carry the best brands known in the trade. We trust that our record as business men will be sufficient evidence of the genuineness of this sale. Sale began

MONDAY, DECEMBER 7th, 1891,

and will continue from day to day until everything is sold. Ladies, this is the chance of a life time to supply yourselves with winter footwear of the best quality. Gentlemen, our fine shoes cannot be excelled in style or quality, and our line of hats are the latest. Furnishing goods of seasonable weights and first-class quality. Shoes for babies, children, misses, boys, ladies and gentlemen in great variety.

Our prices will shield us from the sneers and criticisms of competitors (if nothing else will) when we say we are

✱ "GOING TO QUIT BUSINESS" ✱

Come and see us and we will prove to you without argument that we intend for you to have every cent of profit.

Respectfully,

VORIS &amp; CLAYTON
